

World of Make Believe

Within Temptation

On golden wings
She flies at night
With her dress
It's blinding white
Countless diamonds
And her long blonde hair
The queen is coming
So you better be aware
Her plums and flowers
They're never the same
Blue and silver
It's all her game
Flying dragons
And enchanted woods
She decides, she creates
It's her reality
In her world of dreams and make believe
She reigns forever
With all her glory
Unicorns appear in her sight
The fireflies lead her through these woods at night
In search of the legendary amulet
And it's secret
In the big oak there is a door
Which will lead her
To the wizard shore
And she'll ask him
For the wind to sail her home
To the world where she belongs
In her world of dreams and make believe
She reigns forever
With all her glory
In this world of endless fantasy
She makes it happen
It's her reality
