Activate My Heart

Natalia Kills

I've been played around
Love has let me down
Tore my feelings out(Robot, robot lover)I refuse to hurt
I refuse to cry
Not another time(Robot, robot lover)I know I need to be rewired
I want to love again
Don't think my heart is just a hard drive
I'm just malfunctioningShow me how to love,
Show me where to start,
Activate my heartShow me how to love,
Show me where to start,
Activate my heartShow me how to love,
Show me where to start
Show me how to love,
Show me where to start
Show me how to love,
Show me where to start
Activate my heart
'Cause it don't work anymoreShow me how to love
Show me where to touch
Teach me how to smile(Robot, robot lover)I can learn to kiss
I feel happiness
I can be the one(Robot, robot lover)I came equiped with all the same parts
I'm not just megabytes
So hold me close while I push restart
So I can love you rightShow me how to love,
Show me where to start,
Activate my heartShow me how to love,
Show me where to start,
Activate my heartShow me how to love,
Show me where to start
Show me how to love,
Show me where to start
Show me how to love,
Show me where to start
Activate my heart
'Cause it don't work anymoreShow me how to love
Show me how to love
Show me how to (Memory)
