

You Got Me Feeling

Bardot

Running, can't see the light
Yearning, for love tonight
A moment, is all I need
Don't you try and take it from me
Cause I know that you and I were meant to be
Don't you know that we should be in love and free
It just don't seem right won't you explain to me
The reasons why you cannot feel the same way when you look at me
You got me feelin'
Something I cannot hide
A love I can't deny, tell me why
You got me feelin'
Don't wanna let you go
Can't stop this feeling

I'm taken, by what you do
My heart yearns, for me and you
Captured, by your charm
But you keep taking it from me
Cause I know that you and I were meant to be
Don't you know that we should be in love and free
It just don't seem right won't you explain to me
The reasons why you cannot feel the same way when you look at me
You got me feelin'
Something I cannot hide
A love I can't deny, tell me why
You got me feelin'
Don't wanna let you go
Can't stop this feeling
