When we first met was cool but now its all over

Why you asking bout that hoe cuz

Me and shay cool from school  
And kiesha dog fam

Desiree my home girl

Walk up in the house

Thinking shit can be in danger

Hear you bitching and complaining  
Bout some shit you hear from strangers

And you listen out of anger  
Cuz you think Im out here playing

Put ya jaws in the closet  
And ya lips up on a hanger
