Babynight
babynight
Be so brave and come to fight
No matter the first or last it should happen silently and fast
Babynight
Take courage from left to right
Without your light i feel so lonely babynight
Babynight
Your face is sunny, warm and bright
And if there are dark thoughts in my mind, i have to find
Babynight
You are my sister, mother and wife
Without your light i feel so lonely babynightWe are young, we are here,
So, let's make a deal and try to forget our fear
Babynight
Please, don't forget about to fight
We won't be polite no, no, no.
We are friends and we are alright
Babynight
I'm scared, my dreams come true
Without your love and light i feel so lonely babynightWe are young, we are here,
So, let's make a deal and try to forget our fear
