

# Confetti

## Hilary Duff

This conversation hasn't happened  
But you need to hear me now  
Call it a warning sign or a caption  
But there's walls that won't back down I'm wide awake  
And I swore I wouldn't dream  
When I hear you say  
That you won't let go of me I'm slipping under  
Soon as I'd thought never again  
Oh no, no, no, no If I fall  
You better catch me  
You're turning me  
Into confetti  
I can't sleep  
My head is heavy  
You're turning me  
Into confetti  
I'm free-falling through all of the twilight  
Every piece of me holds on for daylight  
You freak out  
You side-affect me  
You're turning me  
Into confetti You gotta away of here  
And maybe there's a chance you can't resist  
So you set your sails to my winds, waiting  
Till the water starts to shake I'm wide awake  
And I swore I wouldn't dream  
When I hear you say  
That you won't let go of me I'm slipping under  
Soon as I'd thought never again  
Oh no, no, no, no If I fall  
You better catch me  
You're turning me  
Into confetti  
I can't sleep  
My head is heavy  
You're turning me  
Into confetti  
I'm free-falling through all of the twilight  
Every piece of me holds on for daylight

You freak out  
You side-affect me  
You're turning me  
Into confetti You happened and I tripped headfirst  
And your heaven is a place on Earth  
You happened and I tripped headfirst  
And your heaven is a place on Earth If I fall  
You better catch me  
You're turning me  
Into confetti  
I can't sleep  
My head is heavy  
You're turning me  
Into confetti  
I'm free-falling through all of the twilight  
Every piece of me holds on for daylight  
You freak out  
You side-affect me  
You're turning me  
Into confetti You happened and I tripped headfirst  
And your heaven is a place on Earth  
You happened and I tripped headfirst  
And your heaven is a place on Earth
