None

Chouchou

Born of perfection, emotions must die
a surface soo flawless - still empty inside
A search for enlightment, with blindfolded eyes
if truth came to visit - you would kill it with lies
Uncover the world cause I'm sick of it all...Stand and deliver, behold what is yours
you're blind to the darkness, no heaven above
I've stared at your image, uncovered your soul
controlled by the standards, unable to know
Uncover the world cause I'm sick of it all...I am none, alone in my paradise- I shed my tears in forgivnessWake, wake me - Uncover the world
Hate, hatebreed - I'm sick of it allBorn of perfection, emotions must die
a surface soo flawless - still empty inside
A search for enlightment, with blindfolded eyes
if truth came to visit - you would kill it with lies
Uncover the world cause I'm sick of it all...
