Reincarnation

Deine Lakaien

There is no peace in heavenThere is no peace on earthThere is no love in heavenThere is no love on earthThere is no faith in heavenThere is no faith on earthThere is no hope in heavenThere is no hope on earthSo you go round and roundanother live another woundfrom death to birth, from birth to deathNo time to waste, no time to restSo you go round and roundanother live another woundand when you finally touch the lightthey send you back into the nightThere are no friends in heaven,there are no friends on earthThere are no saints in heaven,there are no saints on earthThere are no ghosts in heaven,there are no ghosts on earthThere are no gods in heaven,there are no gods on earthReincarnation, the torture will not endReincarnation, our bloody fate...Reincarnation, the torture will not endReincarnation, our bloody fate...So you go round and round...Reincarnation...There is no peace in heaven...So you go round and round...
