

# Arizona

## 100 Monkeys

Oh yes she's gone to Arizona  
With my money, with my money  
Yes she's gone to Arizona  
With my money, with my money  
And she got a friend  
A real pretty friend  
Yeah she got a friend  
A real pretty friend  
But she's gone to Arizona  
Took my money and left  
Oh yes she's gone to Arizona  
With my money, with my money  
Yes she's gone to Arizona  
With my money, with my money  
And I got a gun  
It's a black shiny gun  
Yeah I got a gun  
It's a black shiny gun  
And I've been doing some thinking  
Thinking it's a good thing she's gone so far  
I feel Arizona rising  
I see the devils on the run  
I feel Arizona rising  
Look out ladies here I come  
All is fair in love and war  
But this is business babe  
Oh yeah she's gone to Arizona  
With my money, with my money  
Yeah she's gone to Arizona  
With my money with my money  
And I got a gun  
It's a black shiny gun  
Yeah I got a gun  
It's a black shiny gun  
And I've been doing some thinking  
Thinking it's a good thing she's gone so far  
I feel Arizona rising  
I see the devils on the run  
I feel Arizona rising  
Look out ladies here I come
