

Love Sensation

Accept

Giddy, up !It's just her nature
I've had enough of the night
Taken by systems of loveI'm outta money
But gotten ounces of love
She got her name droppin' down to an artDon't need no mother
Just a woman in kind
A stranger suits me fineHow she's been spreadin' it around, ah !
What admiration
I feel less than respectI've laid my cards on the table
She's gotta deal with it
No more money to burn
No pages to turnwant to be your love sensation
I don't feel no need to wonder why
Let me be your love sensation
I feel your need your heat your needFor free admission
An open world of surprise
Ticket season just for the rideWith a wag of your tail
And the wind in my smile
'cause even every dog has it's day, yes it doesI've laid, I've laid my cards on the table
She's gotta deal with it
No more money to burn
No pages to turnLet me be your love sensation
I don't feel no need to wonder why
Let me be your sensation, (love sensation)
I feel your heat childsee-see-see-call it what you likeOooh, gotta be, gotta be your love sensation, (love sensation)
I don't feel no need to wonder why, (I feel the need)
Let me be your love sensation, (love sensation)
I feel your need the heat the need, (I feel the heat)Let me be your love sensation, (love sensation)
I ain't got no time to wonder why, (no time to wonder why)
Let me be your love sensation, (let me be your love sensation)I'll eat your heat, (I need your love sensation)
