Standing In The Sun

Howie Day

I wanna turn it round for you
Don't turn away
I wanna turn it round for you
Don't turn awayI know you and I shoulda known better
I know you and I turning in
Well, I don't mind and you don't care
If you and I go down and we come undone
Find us a way outI wanna turn it round for you
Don't turn away
I wanna turn it round for you
Don't turn awayStanding in the sun I shoulda gone out there
Standing out but I am giving in
Well, I can't find where I am
Standing on the edge of a curtain call
Is it good as done?I wanna turn it round for you
Don't turn away
I wanna turn it round for you
Don't turn awayStanding in the sun
I can recall the looks on their faces
I would have turned around for you
For youI know you and I could have done better
I know you and I are turning in
I don't mind if you care
You and I go down and we come undone
Turn it inside outI wanna turn it round for you
Don't turn away
I wanna turn it round for you
Don't turn away, yeahDon't, don't, don't turn away
Don't, don't, don't turn away
Don't, don't, don't turn away
