Got It Made

Seether

So I said this once before
I'm never gonna give you in
No, not again
'Cause I've wasted all I've knownTo watch it fade and slip away now
From my hands
And what I have, I have in mind
And I think about you all the timeI'm feeling miles away
You think I've got it made
I don't belong here
I feel like a candle burning
At both ends
I don't belong hereNow I hide myself away
I never wanna feel again
'Cause I faced this all alone
I let it seep and wash away nowIt's all the same
And what I have, I have in mind
And I think about you all the timeI'm feeling miles away
You think I've got it made
I don't belong here
I feel like a candle burning
At both ends
I don't belong hereNever run away, son
Never run away, son
Never run away, son'Cause what I have, I have in mind
And I think about you all the timeI'm feeling miles away
You think I've got it made
I don't belong here
I feel like a candle burning
At both ends
I don't belong here
