

# Dying For It (the Blues)

## Vaselines

She said to me  
"Would you like to be?  
I got plenty of time  
It's gonna take some time" I'm hanging out  
I'm hanging out, baby  
I'm hanging out I'm hanging out  
I'm hanging out, baby  
I'm hanging out I'm hanging out  
Come on, now  
Come along, sing my song  
I'm hanging out She said to me  
"We're gonna lie on the floor  
'Cause we don't need to go  
I can choose some more" I'm hanging out  
I'm hanging out, baby  
I'm hanging out I'm hanging out  
Come on, now  
Come along, sing my song I'm hanging out  
I'm hanging out, baby  
I'm hanging out  
I'm hanging out "I'm dying for something  
Oh, what will it be?  
Know, I'm dying for you  
To do something to me" I'm hanging out  
I'm hanging out, baby  
I'm hanging out I'm hanging out  
Come on, now  
Come along, sing my song I'm hanging out  
I'm hanging out, baby  
I'm hanging out  
I'm hanging out
