

Don't Come Around

Jessica Sanchez

Oh oh don't come around here no more, no no no
Don't come knocking outside my door, no no Does it make you feel big and strong
Every time you scream and shout (shout)
Or is it that you just get up on seeing me broken down (down)
Think you got me right under your thumb
But boy, you got it all wrong
So come and tell me, how does it feel
To be alone now locked up out in the cold now? Now you wanna buy me diamonds
And you wanna send me roses
But you know that the roads of redemption closed forever ever yeah Don't come around here no more! No no no
Don't come knocking outside my door, no no
If you find another way to get back in
But you're not gonna break this heart again!
So no (no), don't come around here no more! No no no
Doesn't make you feel like a man
When you're throwing those words to me (me)
You never thought to pick em off the ground
And shove 'em back in your face
You hate that I never was afraid
Sorry you can't get your way
See only little boys like to fool like you
So I took it for you grow up tonight Now you wanna buy me diamonds
And you wanna send me roses
But you know that the roads of redemption closed forever ever yeah Don't come around here no more! No no no
Don't come knocking outside my door, no no If you find another way to get back in
But you're not gonna break this heart again!
So no (no), don't come around here no more! No no no Boy you can cry me, cry me, cry me, cry me a river, I
hope you drown in!
And too many times I tried,
Now its goodbye, so you better let it sink in! Boy you can cry me, cry me, cry me, cry me a river, I hope you
drown in!
And too many times I tried,
Now its goodbye, so you better let it sink in! Don't come around here no more! No no no
Don't come knocking outside my door, no no
But think you find another way to get back in
But you're not gonna break this heart again!
So no (no), don't come around here no more! No no no
