

# The Game

## Pain

Use me as I use you, pull my strings  
My money says that you will, that's what I pay you for  
Got me served on a plate, do what you want  
Show me you care, you're the one in control  
The harder you pull my strings, the harder I get  
Just a question of time before I lose my mind  
It's the game that you play with my head and I can't get enough  
Triple sex, almost death, twisted love, the game I cannot bluff  
It's the game that you play with my head and I won't get enough  
Can't walk away, got to play it all the way  
Tight up in this game, this game that I can't quit  
Pleasure I get in pain, the pain will keep me sane  
Feed my twisted mind, touch my skin with your razor blade  
Strip me down to the bone, I'll do anything  
The harder you pull my strings, the harder I get  
Just a question of time before I lose my mind  
The harder you tighten the rope, the harder I get  
A slave to my burning desire, a taste of death  
It's the game that you play with my head and I can't get enough  
Triple sex, almost death, twisted love, the game I cannot bluff  
It's the game that you play with my head and I won't get enough  
Can't walk away, got to play it all the way
