Dark Again

Gold Fields

I found my beat, it's in your sound
If I'm too late, I'll curse the ground
'Cause I'm just waiting to come down (down, down)
Call my name when you're around (oh, oh)

'Cause it's dark again
It's dark again

We've been living with the lights off
Been moving in the night
Keep swimming through the white wash
We're losing sight.

We've been living with the lights off
Been moving in the night
Keep swimming through the white wash
We're losing sight.. of everything.

The hounds bring hate, man they're so loud. (oh, oh)
They bark and break their way through town. (oh, oh)
That violence makes me feel so proud. (oh, oh)
'Cause my silence takes you to the clouds. (oh, oh)

'Cause it's dark again
Now in the dark again.

We've been living with the lights off
Been moving in the night
Keep swimming through the white wash
We're losing sight.

We've been living with the lights off
Been moving in the night
Keep swimming through the white wash
We're losing sight.. of everything.

Deep thinker, ship sinker
Channel me on your way down
Slow drinker, hard liquor

This sea won't let you drown

Deep sleeper, slow blinker
Wake up to what we've found
Slow faker, heart breaker
Broke free, we're heaven bound

'Cause it's dark again.

We've been living with the lights off
Been moving in the night
Keep swimming through the white wash
We're losing sight.. of everything.

We've been living with the lights off
Been moving in the night
Keep swimming through the white wash
We're losing sight.. of everything.

Deep thinker, ship sinker
Channel me on your way down
Slow drinker, hard liquor
This sea won't let you drown

Deep sleeper, slow blinker
Wake up to what we've found
Slow faker, heart breaker
Broke free, we're heaven bound
