So Good

Keri Hilson

I still remember that funny look on your face, face
When I finally told you I'd be on my way, I'd be on my way, hey
You called me crazy, said I'm out of my mind
I said, "But if I'd stay here, it'd be a waste of time"
I really gotta go, gotta get out of here, I'm running
Gotta continue my journey
'Cause all lying and declining you, know that I'm off
I ain't trying to go to when it was all that
Boy, when you had me, you really know how to act
Now when you call my phone, I don't even call back
Hey, 'cause I'm too good for all that
I wanna give this love back if I could
My love is so good
You wish you could get this girl back
You miss me 'cause my love is so good
My love is so good, so good, so good, so good, so good
My love is so good, so good, so good, so good, so good
My love is so good, so good, so good, so good, so good
My love is so good, so good, so good, so good, so good
All I remember was smoking mirrors, making pictures, raging temper
With him it's different, look what you did to us
You used to find it hard to tell me you love me, now you need me
I find it so hard, so hard to believe that you want me back
Well, I ain't in no rush, everything that you wanted was yours
Love was right in your face, face and now it ain't no more, no more
'Cause all lying and declining you, know that I'm off
I ain't trying to go to when it was all that
Boy, when you had me, you really know how to act
Now when you call my phone, I don't even call back
Hey, 'cause I'm too good for all that
I wanna give this love back if I could
My love is so good
You wish you could get this girl back
You miss me 'cause my love is so good
My love is so good, so good, so good, so good, so good
My love is so good, so good, so good, so good, so good
My love is so good, so good, so good, so good, so good
My love is so good, so good, so good, so good, so good
Now you're begging me to come home

But I'm already over you, baby
I bet you're all torn up, as soon as I'm long gone
You'll want me and you miss me like crazy
But you're all out of luck
My love is so good, so good, so good, so good, so good
My love is so good, so good, so good, so good, so good
My love is so good, so good, so good, so good, so good
My love is so good, so good, so good, so good, so good
Oh yeah
