

Pop Song 89 (REM)

Motion City Soundtrack

Hello, I saw you, I know you, I knew you

I think I can remember your name

(Name)

Hello, I'm sorry, I lost myself

I think I thought you were someone else Should we talk about the weather?

(Hi, hi, hi)

Should we talk about the government?

(Hi, hi, hi, hi) Hello, how are you? I know you, I knew you

I think I can remember your name

(Name)

Hello, I'm sorry, I lost myself

I think I thought you were someone else Should we talk about the weather?

(Hi, hi, hi)

Should we talk about the government?

(Hi) Hello, my friend, are you visible today?

You know I never knew that it could be so strange

(So strange)

Hello, I'm sorry, I lost myself

I think I thought you were someone else Should we talk about the weather?

(Hi, hi, hi)

Should we talk about the government?

(Hi, hi, hi, hi)
