After The Hurricane

Jazmine Sullivan

I can see it in his eyes (Oh I),
And he's been avoiding me all day
It seems as though he wants to cry, (Oh, I)
And he's been acting really strange
He starts talkin' and I tuned him out
It doesn't matter anyway
Because I knew as soon as I saw clouds, yea
I knew what he was gonna sayCause when the tears start flowin' and the wind starts blowin'
That's how you know its comin' for you
When the rain start fallin' and you feel the pain comin'
That's how you know its comin' for youJust like a hurricane, just like a hurricane
The way you break everything that comes in your way
Just like a hurricane, Just like a hurricane
The way you broke my heart and now I?m left with the pain
After the hurricaneBaby I'm not surprised, Oh I
You said just what I thought you would
And it hurts I ain't goin' lie oh I
But it doesn't hurt as bad as it couldCause when the tears start flowin' and the wind starts blowin'
That's how you know its comin' for you
When the rain start fallin' and you feel the pain comin'
That's how you know its comin' for you (hey baby)Just like a hurricane, just like a hurricane
The way you break everything that comes in your way
Just like a hurricane, Just like a hurricane
The way you broke my heart and now I?m left with the pain
After the hurricaneNow my life is shattered , and I'm left to pick up the pieces
And find a new beginning and put it back together again
After the hurricane, the hurricaneJust like a hurricane, just like a hurricane
The way you break everything that comes in your way
Just like a hurricane, Just like a hurricane
The way you broke my heart and now I?m left with the pain
After the hurricane
