# Pleasure & Pain

## Los Creepers

oohh woah yhh
we got a situation, wheres my sexy ladie?
its a private party so baby lets get it started
kissing all over your body, girls its how i like it
damn your body banging
so i cant help but wanna bang it, bang it, gir thats right
cause tonight you won the light, turn off the night, take your clothes off off
girl i will make you sweat you hair out, cause it going down
better brace your self cause i can take it
its a freaky situation, oh, it wont be no hesitation noo i wont keep you waiting
no playing, no woah
i'll give you pleasure i'll give you pain
i'll give you pleasure cause thats my name
i'ma have you screaming oho
by the end of the day, baby ima say im im happy
i dont need no introduction, you already know my name
hows about you let me paint this picture while i hold your frame frame
eyes only seduce you, oh i cant explain
mattress, pillows, sheets its getting hotter than foreplay
girl i will make you sweat your hair out
cause its going down
better brace your self i play no games

its a freaky situation, oh, it wont be no hesitation no
i wont keep you waiting
no playing, no woah
i'll give you pleasure i'll give you pain
i'll give you pleasure cause thats my name
i'ma have you screaming ohoo
by the end of the day, baby ima say im im happy you came
touching an squeezing your body everywhere
pulling on your hair, baby climb on top of me
i wanna make you scream my name. oho babe
you know im happy you came for me to say
its a freaky situation, oh, it wont be no hesitation noo
i wont keep you waiting
no playing, no woah
i'll give you pleasure i'll give you pain
i'll give you pleasure cause thats my name

i'ma have you screaming oho
by the end of the day, baby ima say im im happy you came
its a private party so baby lets get it started
kissing all over your body, girl its how i like it
its its a private party so baby lets get it started
kissing all over your body
im happy you came
