You Are Not Alone

Michaelis

When that hard rain falls
And that cold wind cries
When those dark clouds hang
O'er your weary eyes
When your sun ain't shone in a hundred skies
And your fire's a faded ember

When your will is weak
And your faith runs dry
When what was once your low
Is now your high
And you can't reach your dreams cause your hands are tied by your fear
Just remember

You are not alone I swear
I promise you we've all been there
When you feel hopeless know that in the end
You are not alone, my friend

When you're down on your knees
Where once tall you stood
Just close your eyes
Take a long look
And you will see that God is good
Just believe
Me when I tell you

You are not alone I swear
I promise you we've all been there
When you feel hopeless know that in the end
You are not alone I swear
I promise you we've all been there
When you feel hopeless know that in the end
You are not alone, my friend
