Smash di place

Forty five askel

Some bad mi nuh like to play

Dem nuh worry mi when they say

They nuh like mi mi nuh like they

I be wilder than Tim McVeigh

Fuck 'em all and that's what I say

Now I see that it ain't easy

Everyone plays a part in our day

Humpty Dumpty, we need every piece play

Some people are rude on the low though

They gonna get shook to the floor

Some people are rude on the low though

They gonna get hurt lot more

Some people are rude on the low though

They gonna get hurt lot more

Some people are rude on the low though

Gonna get hit to the floor

Drums

Fire baby

Dem nuh want test I dem die

Bwoy mi know I dem try

Smash it up see mi nickel plated nine

Buck dem, buck dem straight to mi eye

Buck dem down

Buck dem down
