## Chicane

A little love, a little life  
A little love, a little life  
Let it show  
A little love, a little life  
Let it show  
A little love, a little life I feel in my mind, I've got to let go, I've got to unwind  
I need a good time, I need to find love, I've got to get high  
I feel in my mind, I've got to let go, I've got to unwind  
I need a good time, I need to find love, I've got to get high You've got the passion to feel inside  
A little love, a little life, now you decide  
There ain't no reasons why we can't share  
A little love, a little life can take us there You've got the instincts and now you know  
A little love, a little life will let it show  
Just take a hold of what you feel  
A little love, a little life will make it real I feel in my heart, I want to let go and make a new start  
I have got to break free, I've got to unwind, I've got to believe  
I feel in my heart, I want to let go and make a new start  
I have got to break free, I've got to unwind, I've got to believe You've got the passion to feel inside  
A little love, a little life, now you decide  
There ain't no reasons why we can't share  
A little love, a little life can take us there You've got the instincts and now you know  
A little love, a little life will let it show  
Just take a hold of what you feel  
A little love, a little life will make it real A little love, a little life  
A little love, a little life  
A little love, a little life  
And I feel it  
A little love, a little life You've got the instincts and now you know  
A little love, a little life will let it show  
Just take a hold of what you feel  
A little love, a little life will make it real You've got the passion to feel inside  
A little love, a little life, now you decide  
There ain't no reasons why we can't share  
A little love, a little life can take us there You've got the instincts and now you know  
A little love, a little life will let it show  
Just take a hold of what you feel  
A little love, a little life will make it real You've got the passion to feel inside  
A little love, a little life, now you decide  
There ain't no reasons why we can't share

A little love, a little life can take us there You've got the instincts and now you know

A little love, a little life will let it show

Just take a hold of what you feel

A little love, a little life will make it real A little love, a little life

A little love, a little life

A little love, a little life

Let it show A little love, a little life

A little love, a little life

Let it show

A little love, a little life
