Winter 96

Teedra Moses

Love Remember(Verse 1)
Remember when we used to
Just love everything
Love the way I said your name
Love it when you touched me
And we loved...
Each other soWhere did it got (where did it go)Now it seems we vibe different
Baby how this be
Wanted to love you
How we used to do
How do we grow from this
I just wanna hear(Chours)
Say that you love me
Please
Say that you love me
Now
Even if you just lie to me
Some way Some how
Make me feel
Winter 1996
Thats when love was bliss(Verse2)
Remeber when you used to just
Love me
Would have bet my bottom dollar
That this love would never sour
But it changed Shit changed
Nothings the same
And I want to feelBack when the love was good
Back when we had a union baby
Do you remember (oh I Remember)
Lover remember (winter)(Chours)La da da de de de de de(3X)(Chours)Lover...Remember....(7x)
