Apocalyptic Renegade

Twin Atlantic

When the lighting strikes, you'll find me there,
With my head in my hands, to evade your stare
Cos a shive speaks to my bones so well
No I'll never speak, no I'll never tell
When the waves came down, they washed me away,
Through the earth
Through the rock,
To the oceans to play
I can't get enough, I can't get enough
I want it all, all
I want it all, here in hell with me
Cause I was wrong
Yeah, we live forever,
Then we run with our destiny
If a supernova castaway links spells to the sky from faraway
Put my hand in the air and count the days
You apocalyptic renegade

And the seas will rise and the sun will die
And the plates will shift 'tween you and I
I can't get enough, I can't get enough
I want it all, all
I want it all, here in hell with me
Cause I was wrong
Yeah, we live forever,
Then we run with our destiny
I want it all, all
I want it all, here in hell with me
Cause I was wrong
Yeah, we live forever,
Then we run with our destiny
With our destiny
We run, we run, we run
We run, we run, we run, we run
We run, we run, we run, we run,
With our destiny!
