

Lessons

Mishon

You know I'm always on the go
And getting this money on the road
Yeah
And spending my time with people
I don't even know Yeah
You be on my mind
Sometimes I gotta let you know
I can tell that you don't wanna be alone
So why you think you gotta do it on your own
2000 miles away And your on my mind
I'm seeing your star, I'm feeling your shine
I'm seeing your star, I'm feeling your shine
I'm seeing your star, I'm feeling your shine Yeah
I'm seeing your star, I'm feeling your shine
Two thousand miles away
I'm feeling your shine
Sometimes I gotta get blood out my mind
Fucked so many women just to get by
Never share my feeling they wouldn't know
But I'm taking my time
And taking it slow Damn
Can't you tell I don't wanna be alone
And I don't really wanna do this on my own
And I don't really wanna do this on my own
I'm learning just because you got power
Doesn't makes you strong
But girl I can't lie
I'm kinda missing love
Kinda missing you
Kinda missing us
Sometimes I wish I can go back in time
I'm seeing your star, I'm feeling your shine
I'm seeing your star, I'm feeling your shine Yeah
I'm seeing your star, I'm feeling your shine
Two thousand miles away
Baby I need you to teach me how to love again
Feels like learning to walk again
Can you hear my heart?
Can you hear my heart?

Teach me how to love again
Feels like learning to walk again Can you hear my heart?
Can you hear my heart?
Teach me how to love again
Feels like learning to walk again
Can you hear my heart?
Can you hear my heart? But girl I can't lie
I'm kinda missing love
Kinda missing you
Kinda missing us
Sometimes I wish I can go back in time Two thousand miles away
I'm seeing your star, I'm feeling your shine
Two thousand miles away
I'm seeing your star, I'm seeing your shine
Two thousand miles away
I'm seeing your star, I'm feeling your shine
Two thousand miles away
