

# Mona (Live at Winterland 1970)

## Quicksilver Messenger Service

Hey, Mona, hey hey hey hey, Mona,  
I'm gonna tell you what I'm gonna do,  
I'm gonna build my house next door to you,  
Can I make love to you once in a while?  
Maybe we could do a little kissing and tellin' lies.  
When I come out on the front, girl,  
You'll listen to my heart goin' bumpity bump.  
I need you baby and it ain't no lie,  
When I'm through lovin' I'll surely die.
