Sou yatte tane wo maku LIESSing your love, sing your love

Sing your love, love or lies

Sing around, trick or play

Never learn, same with fate

Sing your love, sing your love

Sing your love, feel my pain

Love or lies, love or lies, love or lies

Ienai CHECK ME OUT

Saisho kara shinjitenai

KEEP ON MOVING, COME AWAY

Kimi datte mayotteru ne

Mienai shinjitsu wa

Itsudatte urahara no yo

LOVIN' YOU, sou BLUE

Souyatte kiri wo maku LIESSing your love, sing your love

Sing your love, love or lies

Sing around, trick or play

Never learn, same with fate

Sing your love, sing your love

Sing your love, feel my pain

Love or lies, love or lies, love or lies

It's the return of the best and my name is Roxanne

More bounce in my flow than shocks man

Compare me to the rest of your box man

Cause I am mad sick, contagious like pox man

I'm like a locksmith opening doors

I'm elevating to the top floors

I work hard like a slave doing chores

Speaking my mind like there be no laws

I'm the master

Look quick but I move much faster

My jives penetrate walls like Casper

And through the paint, through the wall, through the plaster  
And off the record like a natural disaster  
And peace & love like a dreadlocked rasta (cannot hear properly)  
I don't do hard but I got the yes from the master (cannot hear properly)  
Just an intro wait for the extra, extra, extra...Sing your love, sing your love  
Sing your love, love or lies  
Sing around, trick or play  
Never learn, same with fate  
Sing your love, sing a love  
Sing your love, feel my pain  
Love or lies, love or lies, love or lies
