

One Day in Your Life

Anastacia

I know that's just the way it goes
And you ain't right for sure
You turned your back on love
For the last time It won't take much longer now
Time makes me stronger way
There's nothing more to say One day in your life said love would remind you
How could you leave it all behind
One day in your life, it's gonna find you
With the tears that left me cry And baby I'm stronger than before
You gotta play it on the line
Maybe one day in your life My love, did you think
I'd break down and cry?
This thing we had, it meant the world to me
Guess I would try It won't take much longer now
See time makes me stronger way
And I know you'll be coming 'round some day One day in your life, said love would remind you
How could you leave it all behind
One day in your life, it's gonna find you
With the tears that left me cry And baby I'm stronger than before
You gotta play it on the line
And maybe one day in your life You called me in the midnight hour
With your velvet lies
So many sleepless nights, I wonder
Is it time to say goodbye? Ooh yeah One day in your life, said love would remind you
How could you leave it all behind?
One day in your life, it's gonna find you
With the tears that left me cry And baby I'm stronger than before
You gotta lay it on the line
And maybe one day in your life
One day One day in your life, said love would remind you
How could you leave it all behind?
One day in your life, it's gonna find you
With the tears that left me cry And baby I'm stronger than before
You gotta play it on the line
