Down with the Clique

Solange

We were fallin' in the deep
Bathe in the delight
We were rollin' up the streetChasing the divine, ohWe were down with ya, down with ya
Down, down with ya, down with ya
Down-down-down-down with ya
Down with ya
Down, down with ya, down with ya
Down with ya, down with ya
Down, down with ya, down with ya
Down-down-down-down with ya
Down with ya
Down, down with ya, down with ya
We were wild and entertained
Goin' the whole day
Bound to come undone
Brown and brown
Ooh
What do you take from me?
Will you, will you see? YeahWe were, we were (Down) down with ya
Down with ya
(Down) Down, down with ya, down with ya
Down-down-down-down with ya
Down with ya
Down, down with ya, down with ya
(Are you down?)
Down with ya, down with ya
Down, down with ya, down with ya
(Are you down?)
We were down
Down-down-down-down with ya
Down with ya
(Are you down? Are you down?)
Down, down with ya, down with ya
(Are you down?)
Down with y-down with y-down
Down with y-down with y-down
Down with y-down with y-down
Down with y-down with y-down
Selling your worth

Down with y-down with y-down
Down with y-down with y-down
Down with y-down with y-down
Down with y-down with y-down
Babe, I come firstAre you down?
Are you down?
Are you down?
Are you down?
