

Come Home Baby (Factory Floor - Nik Void Remix)

The Charlatans

Joy, it's such a joy
Watching the smile on your face
Your love get up at my face
We are working it through
A solution for you and for me
Nothing between
What will beCome home baby
Come home baby
Kiss me gently
I can't wait
Don't hesitate
Let's be together
Words can mean many things
Watching you step in time
Living the bad days behind
No one can take your place
Maybe I'm out of step
Maybe I'm out of my depth(?)Come home baby
Come home baby
Kiss me gently
I can't wait
Don't hesitate
Let's be togetherI can't wait
No one can take your place
Maybe I'm out of my depth(?)Come home baby
Come home baby
Come home baby
I can't wait
Let's celebrate
Let's be togetherI can't wait
Can't wait
