

Genesis

Mumzy Stranger & Yasmin

I feel alone, but I gotta admit,
Music is the feeling that keeps me strong.
It takes so long, takes so long,
But I never know,
You never had tried, yet!
[Chorus:]
Let's get away, (get away)!
Let's get away, (get away)!
Let's get away, (get away)!
To a better place tonight!
Let's get away, (get away)!
Cause you always need a friend!
You don't even know what you mean to me,
Whenever I am down you can always see,
(Oh, oh, oh) You're a sweet harmony!
You're the only friend that makes me believe!
Even if you feel like you're not getting anywhere,
Always keep your head up high!
It's a genesis, we're in a genesis,
It's a genesis, we're in a genesis,
We're in a genesis!
It's like a genesis!
I'm on the phone,
And when you speak your words...you make me carry on.
Talk to me, just make me believe!
Make me believe!
[Chorus:]
Let's get away, (get away)!
Let's get away, (get away)!
Let's get away, (get away)!
To a better place tonight!
Make me believe!
Let's get away, (get away)!
Cause you always need a friend!
Now I know what you mean to me,
You are my only family, (family)!
(Oh, oh, oh) You're a sweet harmony!
You're the only friend that makes me believe!
Even if you feel like you're not getting anywhere,

Always keep your head up high!
It's a genesis, we're in a genesis,
It's a genesis, we're in a genesis,
We're in a genesis!
It's like a genesis!
It's a genesis, we're in a genesis,
It's a genesis, we're in a genesis,
We're in a genesis!
It's like a genesis!
Genesis, genesis! Oh, oh!
We're in a genesis!
