

Don't Stop

Chali 2na

Yes, Yes, One more time

[Chorus]

Just don?t stop, Just don?t stop(Yeah, Yeah)

Never have to stop

Tell em, tell em

We?ve got the right to keep it funky

Cuz this hip-hop just don?t stop

[Verse 1]

Yo, better believe in these real words

Chali 2na, call me (???)

Spillin these words, im drillin these nerds

With verbal darts, making these sports utilities swerve(It Don?t Stop)

Ya, im from the fifth chain

Digital display, your group is in critical dismay(Don?t Stop)

Ya I paid tha cost for the boss

Sea shinin (???)(Just Don?t Stop)

I ruptured your rapture

My voice is a (Just Don?t Stop)

Look at the Rhythm and Blues we concocted

Livin through my music like Cochran(Just Don?t Stop)

Give a little dap from my group home

Read these True poems like (Just Don?t Stop)

Don?t have to be shot im from the block to be hot

Bring it back to the plot and it (Just Don?t Stop)

[Chorus]

We don?t have to stop

Keep this thing movin till till the speakers pop

Aint got time to talk, comin for the hundred cant take no loss

It?s what ever we want

Pay us back what you know you owe

We got the right to keep it funky cuz this hip-hop just don?t stop

[Verse 2]

With the upperhand on level land

The love of man, preparing the plan with my caravan

Will never what these rappers reach for

I?ma teach till it seeps into each pore

Yeah, and to my culture, respect due
I protect, when others neglect you
So later for what the wack say
Cause? Herc(Kool Herc) and Africa Bam(Afrika Bambaataa) deserve back pay
Fakers, I pay attention to your pranks
Can?t win with dissension in your ranks
I?m comin pipin? hot
It?s the vocal micronot
I speak verbal plastic(plasteek)
I blast heat like a match to a gas leak
Time for those at the top to switch turns
Call me (??) when the Tuna fish burns

[Chorus]

We don?t have to stop
Keep this thing movin till till the speakers pop
Aint got time to talk, comin for the hundred cant take no loss
It?s what ever we want
Pay us back what you know you owe
We got the right to keep it funky cuz this hip-hop just don?t stop

[Verse 3]

Brothas (???) increase to question
And up in the place just to watch women
And now the ghetto informant gets shot
So watch what you say, instead of saying what you watch
Im committed to bringing the unprecedented
But I wont spit it if it aint a lesson in it
Getting sick of the bickering from my peers
And such bringing [?????] for your ears to touch

[Chorus]

We don?t have to stop
Keep this thing movin till till the speakers pop
Aint got time to talk, comin for the hundred cant take no loss
It?s what ever we want
Pay us back what you know you owe
We got the right to keep it funky cuz this hip-hop just don?t stop
