Placebo Syndrome

Parliament

There's so much syndrome, baby
There's so much syndrome, babyWhen all the smiles are out of town
You're going round and round
You find the syndromeWhen your ups lift you down
Your placebo is too weak
You're in the syndromeYou're in the syndrome
And the intensity of their sadness
Is equal to the intensity they enjoyThere's so much syndrome, babyWhen all the thing is out of sound
There's no coming round
Play with the syndromeWhat used to be such fun to do
Can often leave you deep
Into the syndromeLivin' at the top of the syndrome
Placebo syndrome
Livin' at the top of the syndrome
Placebo syndromeLivin' at the top of the syndrome
Placebo syndrome
Livin' at the top of the syndrome
Placebo syndromeLivin' at the top of the syndrome
Placebo syndrome
Livin' at the top of the syndrome
Placebo syndromeLivin' at the top of the syndrome
Placebo syndrome
Livin' at the top of the syndrome
Placebo syndromeLivin' at the top of the syndrome
Placebo syndrome
Livin' at the top of the syndrome
Placebo syndromeThere's so much syndrome, babyWhen all the smiles are out of town
You're falling round and round
You find the syndromeWhen your ups lift you down
Your placebo is too weak
You're in the syndromeWhen all the smiles are out of town
You're falling round and round
You find the syndromeWhen your ups lift you down
Your placebo is too weak
You're in the syndromeSo good, syndrome
Livin' in the syndrome
Syndrome, babyLivin' at the top of the syndrome
Placebo syndrome
Livin' at the top of the syndrome

Placebo syndromeLivin' at the top of the syndrome
Placebo syndrome
Livin' at the top of the syndrome
Placebo syndromeLivin' at the top of the syndrome
Placebo syndrome
Livin' at the top of the syndrome
Placebo syndromeLivin' at the top of the syndrome
Placebo syndrome
Livin' at the top of the syndrome
Placebo syndrome
