

# Whiskey Do Your Stuff

Louis Jordan

Refrain:

Whisky do your stuff  
'til i've have enough  
Don't make the going rough  
'cause my baby might get tough

some folks drink for pleasure  
some drink 'cause it's wet  
But i drink 'cause it help me to think  
and it helps me to forget

Refrain 2x

Some times i have trouble  
i can't see due and due  
but if anything else fails me  
hm... whiskey is my cure

Refrain 2x

Now some folks say, that Whiskey  
has good and bad points, too  
But folks don't let 'em mislead you  
i tell you what to do

You know, Whiskey, theres no evil  
It's all in the mind  
and when i'm feeling blue and lonely  
it makes me feel so fine

Refrain 2x
