

# Raindrop

## Pleq

I feel it around me  
I feel like a raindrop  
I feel, we're all washed out, burnt out  
I think, it's a shame I feel like we're dyin' on the needs  
Of the people today  
I feel like screamin' at the world  
I know it's a game called Insecurity  
Insecure  
Insecurity  
Insecure I feel like a racing the wind  
I feel like I'm flying  
I feel that the people that surround me  
Have all been blinded I think, I'll reach down in my soul  
And pull up what's hidin'  
It's these things inside of me  
I share them with you, 'cause Insecurity  
Insecure  
Insecurity  
Insecure And as I tear down my bad habits  
And you grab it  
And you throw it out to see if someone tries it  
And they like it And we run together to figure it out  
People always standin'  
And we're starin' at what we thought  
Was our best game I feel it around me  
I feel like a raindrop  
I feel, we're all washed out burnt out  
I think it's a shame I feel like, we're dyin' on the needs  
Of the people today  
I feel like screamin' at the world  
I know it's a game called Insecurity  
Insecure  
Insecurity  
Insecure Insecurity  
Insecure  
Insecurity  
Insecure And as I tear down my bad habits  
And you grab them  
And you throw it out to see

If it is you
