Strut

Kmfdm

Your monkey business
Won't get the best of me
Not the kind to take it light
Put up with tomfoolery
Playing Mr. Nice Guy
Leading me on
Sure enough two on the side
We both know you've done me wrong
Play, fun, stray, lust
Cheat, front, lies, strut
On and on with everything I got
Giving up
Had enough, I mean it this time
Walking out with my head held high
Strut out the door
Had enough, I mean it this time
Walking out with my head held high
Strut out the door
You've got the nerve to say it's alright
A real woman doesn't need a man child
Telling her lies
Own up, stop pretending
'Cause you're the talk of the town

Say it once and for the last time
I'm the best you'll ever have
Two faced, thrill, hunt
Trapped, caught, tricked, strut
On and on with everything I got
Giving up
Had enough, I mean it this time
Walking out with my head held high
Strut out the door
Had enough, I mean it this time
Walking out with my head held high
Strut, with my held held high
Out the door, mean it this time
My held held high, walking out
On and on

On and on
On and on
You've done me wrong
On and on with everything I got
With my head held high
On and on and on and on and on
And on and on and on and on and on
