It's All In Your Mind

Beck

Well it's all in your mind
It's all in your mind
Well it's all in your mind
It's all in your mind
And I wanted to be
I wanted to be
Wanted to be
Your good friend
Well I cannot believe
You got a devil up your sleeve
And he's talking to me
And I cannot believe
And I wanted to be
And I wanted to be
I wanted to be
Your good friend
You're all scared and stiff
A sick stolen gift
And the people you're with
They're all scared and stiff
And I wanted to be
I wanted to be
Wanted to be
Your good friend
