

# It's All In Your Mind

Beck

Well it's all in your mind  
It's all in your mind  
Well it's all in your mind  
It's all in your mind  
And I wanted to be  
I wanted to be  
Wanted to be  
Your good friend  
Well I cannot believe  
You got a devil up your sleeve  
And he's talking to me  
And I cannot believe  
And I wanted to be  
And I wanted to be  
I wanted to be  
Your good friend  
You're all scared and stiff  
A sick stolen gift  
And the people you're with  
They're all scared and stiff  
And I wanted to be  
I wanted to be  
Wanted to be  
Your good friend
