## Just As I Am

## **Air Supply**

I've had a lot of big dreams
I've made a lot of bad moves
I know you could walk away
But you never doI've met a lot of cold hearts
I've learned to smile and deceive
I know I'm hard to be around
But you never leaveI'm not easy to understand

But you hold out your handAnd you say you love me just as I am You always treat me the best that you can

You say you want me, need me

Love me baby, just as I am, just as I amI've made a lot of heartaches

I've found a lot of closed doors

When all the others turn away

You love me more, you love me moreI'm not easy to understand But you hold out your handAnd you say you love me just as I am

You always treat me the best that you can

You say you want me, need me

Love me baby, just as I am, just as I amI want to love forever

To keep our world together

And be the best that I can be

Baby, every time the world caves in on meYou say you love me just as I am You always treat me the best that you can

You say you want me, need me

Love me baby just as I am, just as I amYou say you love me just as I am

You always treat me the best that you can

You say you want me, need me

Love me baby just as I am, just as I am
