

Wish

Lifehouse

So you found, a better hiding place than on the ground
Inside the image of who they think you are I wish the best of everything for you
I hope you know that honestly I do
How long can you run, turn your back on everyone
Just let me know, when you're tired of being alone So you wait, all through the night and day to day
Wait for the illusion of the perfect song I wish the best of everything for you
Hope you know that honestly I do
How long can you run, turn your back on everyone
Just let me know, when you're tired of being alone
