# Taken by a Stranger

## Lena

She's got a knuckle in her eye
He knows her cat-callCan't escape from telling lies
I heard her sayin'Hey, mind if I take this chair?
Hey, mind if I take this chair?He drops a pause
She looks annoyedBut she's so mean
He thinks she has to be the oneTaken by a stranger
Stranger things are starting to beginLured into the danger
Trip me up and spin me round againYou've got some coffee on your collar
And you forgot to comb your hair
But I can wait 'til I do betterYou're here
And I don't careCan't help it if you like it cause I won't be here tomorrow
None ever told you that you wouldn't be takenTaken by a stranger
Stranger things are starting to beginTurn into the danger (it's a risky business)
Trip me up and spin me round againPut the blindfold on his eyes
She saw him peek through
Can't imagine her disguiseI heard her sayin'Hey, mind if I take this chair?
Yeah, see if I careTaken by a stranger
Stranger things are starting to beginLured into the danger (it's a risky business)
Trip me up and spin me round again
