

# One In a Million

## Guns N' Roses

Guess I needed sometime to get away  
I needed some peace of mind, some peace of mind that'll stay  
So I thumbed it down to sixth and L.A.  
Maybe your greyhound could be my way  
Police and niggers, that's right, get out of my way  
Don't need to buy none of your gold chains today  
And I don't need no bracelets clamped in front of my back  
Just need my ticket till then, won't you cut me some slack?  
You're one in a million, yeah, that's what you are  
You're one in a million, babe you're a shooting star  
Maybe someday we'll see you before you make us cry  
You know we tried to reach you but you were much too high  
Much too high, much too high, much too high  
Immigrants and faggots they make no sense to me  
They come to our country and think they'll do as they please  
Like start some mini Iran or spread some fucking disease  
They talk so many goddamn ways it's all Greek to me  
Well some say I'm lazy and others say that's just me  
Some say I'm crazy, I guess I'll always be  
But it's been such a long time, since I knew right from wrong  
It's all the means to an end I'm, I keep it movin' along  
You're one in a million, ooo, you're a shooting star  
You're one in a million, babe, you know that you are  
Maybe someday we'll see you before you make us cry  
You know we tried to reach you but you were much too high  
Much too high, much too high yeah, much too high, oh, no, no, oh, oh  
Radicals and racists don't point your  
finger at me  
Well I'm a small town white boy, just tryin' to make ends meet  
Don't need your religion, don't watch that much TV  
Just makin' my livin', baby, well that's enough for me  
You're one in a million, yeah that's what you are  
You're one in a million, babe, you're a shooting star  
Maybe someday we'll see you before you make us cry  
You know we tried to reach you but you were much too high  
Much too high, yeah, yeah, yeah, oh, much too high, much too high  
Much too high yeah, oh much too high, oh much too high  
Much too high, high, much too high, much too high  
Ow much too high, oh much too high
