Bulldog

Francois Clemenceau

Hey now bulldog, don't you rush in with your eyes wild.
Hey there big bear, take a moment to decide.
All these angels scared to walk the wire line.
"stand tall, angels", says the bulldog with a smile.
They get you in a corner shut your eyes
They come at you at night.
They get you in a corner shut your eyes
They come at you at night.
One less bell to warn ya
One more chance to say goodbye.
I don't think I understand you.
I don't really think I do.
I don't think I understand you.
I don't really think I do.
Hey louise what's the barrier between love and me?
And how far is it from long and need?
What are you supposed to mean to me?
What do you mean to me?
They get you in a corner shut your eyes

They come at you at night.
They get you in a corner shut your eyes
They come at you at night.
One less bell to warn ya
One more song to play
I'm going back to california
Gonna get your chance to say goodbye
Hey matthew is anybody mean to you?
And don't you harbor points of view?
Secretly believe you're due?
I don't think I understand you.
I don't really think I do.
I don't think I understand you.
I don't really think I do.
Well ya got one less bell to warn ya
One more song to play
I'm going back to california
Gonna get your chance to say goodbye
One less bell to warn ya

One last chance to say goodbye.
