

# Daniel, Where's The Boat?

## Drop Dead, Gorgeous

The first time, the last time  
the first time in my life  
lights will ignite us  
we're all blood thirsty killers(x4)  
(we're all dead)  
we're all dead(x7)  
we're all fuckin dead  
The first time, the last time

the first time in my life  
lights will ignite us  
we're all dead(x2)  
open water, the tides have shifted  
like clockwork, the sharks arrive at dawn  
razor cut like a smile  
straight through  
razor cut like a smile(x4)
