

HURT YOURSELF

HEALTH

Whoever you want
To want you back
You never let go
What you dont have
I never wouldn't want
A nervous touch
Another bond
Another cutLike water
Inside us
Before long
It dries upWhoever you want
Whoever you want to want you back
They'll never let go
They'll never let go what you don't have
Whatever you want
Whoever you want someone else
You'll never let go
You learn to love to hurt yourself
