

Two Drops In The Ocean

311

Thinking of you
It all comes in view
I believe we came from the same cloud
Two drops in the ocean
Tell me again
The story of when we
We will be together one day We're two of a kind
Forever we've been combined
Though the current will pull us apart
Two drops in the ocean
You are part of me
The other side of the sea
And we will be together one day [Chorus:]
Hey hey
What can I say?
I swim your way
Though the tide pull us away
I ask you
What you gonna do?
Oceans apart
But I know no one else will do
Two drops in the ocean
Just go with the motion dear We'll meet again
From two rivers that dealt on two shore
Two drops in the ocean Fall into me
Dissolve in the sea
The boundaries between, they are nothing
But love we have, the only real thing, yeah There is a stone wall
Around your heart
Nothin' left now to do but to start
Chippin' away
Day by day
Until we see it break apart
Hear me talkin' 'bout
Let it be known, it can be done
Bit by bit and one by one
If the two of us try from both the two sides
Until we see the sun
Your phenomenal Two drops in the ocean

Just go with the motion A lot of fish in the sea
Not for me
You're somethin' of a different kind
The rest evaporate, but you stay in my mind There is a stone wall
Around your heart
Nothin' left now to do but to start
Chippin' away
Day by day
Until we see it break apart
Hear me talkin' 'bout
Let it be known, it can be done
Bit by bit and one by one
If the two of us try
From both the two sides
Until we see the sun
Your phenomenal [Chorus]
Hey hey
What can I say?
I swim your way
Though the tide pull us away
I ask you
What you gonna do?
Oceans apart
But I know no one else will do
Two drops in the ocean
Just go with the motion
Two drops in the ocean dear
