MellowHigh

I can't give a fuck 'bout what you saying, what you talking
I be sparking, nigga, I'm just tryna smoke my weed
Watch me as I'm floatin' and I'm fallin', never stallin', hella awesome
Baby, I'mma give you what you need
Blowin' on some gas in a Swisher with some hash in the middle
Dawg, I'm choking, homie, I can't breathe
Got me screaming
Fuck them other niggas cause I'm down for my niggas
Keep on smoking it 'til my eyes bleed, until my eyes bleedCheifin' until my vision bleeds from the pot
Fiend for the Mellow Team cause we the very cream of the crop
Single a spot, we scheming, infrared beams for the top
Give you the verbal use of drugs, people, you need it or not, or not
Or what? We hot as fuck, fuck nigga, you out of luck
I've been kickin' knowledge since my fuckin' pockets knotted up
You was still a novice when my confidence was plotted up
Makin' the most of what this bullshit world allotted usI carry the mic with a scary delight
Death and hip-hop follow H.B. with a tracking device
And bitch, I put that on everything, it's golf every-wang
Hit the crack pipe or find a better hang, wolves wearing fangs
Niggas out here on the hunt
Bitches, brunches, and blunts
Fifties, hundreds and up
You gonna roll it or what?
Black hoodies homie, no tux
Still not giving no fucks
Decision making reliably, taking over societyIf you don't know who we are by now
Aim your firearms in the air, pow pow
Never salute your captain Charlies were 'round town
The way out this battle is if I'm dead or they bow down
Bow down, bow down
Aim your firearms in the air, pow pow
Never salute your captain Charlies were 'round town
Pow, pow
Bow downI can't give a fuck 'bout what you saying, what you talking
I be sparking, nigga, I'm just tryna smoke my weed
Watch me as I'm floatin' and I'm fallin', never stallin', hella awesome
Baby, I'mma give you what you need
Blowin' on some gas in a Swisher with some hash in the middle
Dawg, I'm choking, homie, I can't breathe

Got me screaming
Fuck them other niggas cause I'm down for my niggas
Keep on smoking it 'til my eyes bleed, until my eyes bleed
