

Turn

Asaf Avidan

It's five in the morning where you are
You're learning a language, beginning with "far"
I'm glad you're awake now, and picking your scars
We do it all backwards, wherever we are
Turn
Turn around
Turn around
You're living on the breadcrumbs of love that you found
We were never ashamed love off the ground
I'm changing my skin now
from white into brown
There's sun in the winter now
things are turning around
Turn
Turn around
Turn around
Turn around
Turning up, turning in my dream
I've come a long way
Turning up, turning in my dream
I've come a long way
Turning up, turning in my dream
I've come a long way
Turning up, turning in my dream
I've come a long way
Turning up, turning in my dream
I've come a long way
Turning up, turning in my dream.
I've come a long way
Turning up
Turn
Turn it again
