

# Old Friends (Jonas Blue Remix)

Jasmine Thompson

People who matter don't mind  
They don't need all of my time  
Somebody told me to light up every room  
Make them remember you  
But nobody here knows what I'm going through  
No, they never do I miss my old friends  
'Cause they know when I need them the most  
I made some new friends and they're cool friends  
But they don't know  
What I do, what I got, who I am and who I'm not  
I miss my old friends  
I miss my old friends I miss the good times we had  
Now I don't know who's got my back  
And somebody told me to light up every room (to light up)  
Make them remember you (I don't remember you)  
But nobody here knows what I'm going through  
No, they never do I miss my old friends  
'Cause they know when I need them the most  
I made some new friends and they're cool friends  
But they don't know  
What I do, what I got, who I am and who I'm not  
I miss my old friends  
I miss my old friends  
I miss my old friends Hey now, hey now  
I know everybody changes  
Hey now, hey now  
I just want familiar faces  
Oh, hey now, hey now  
Growing up can be amazing  
But it can even break your heart I miss my old friends  
When I need them the most  
I miss my old friends  
I miss my old friends  
'Cause they know when I need them the most  
I made some new friends and they're cool friends  
But they don't know  
What I do, what I got, who I am and who I'm not  
I miss my old friends, I miss my (I miss my old friends, my old friends I miss)  
I miss my old friends (I miss my old friends, my old friends I miss)

What I do, what I got, who I am and who I'm not

I miss my old friends

I miss my old friends
